

## POWERPLAY: The Game of the Gods

A fantasy quiz game for two to four players that transforms you and your opponents into mighty ancient gods. Each god controls four powerful warriors fighting to the death within the Temple of Apollo. To guide your warriors through the battle you must demonstrate your powers of wisdom by correctly answering questions posed during the game. To eliminate your opponents' warriors you must force them into a 'challenge' — where two players compete in a test of knowledge and reflexes. To improve your chances you may 'mutate' your warriors into stronger characters — but these will demand greater knowledge to control! The **POWERPLAY** action is illustrated in colourful 3-D graphics and has access to over 2000 questions on:

- General Knowledge
- Sports & Leisure
- Science & Technology
- History & Geography

Included with **POWERPLAY** is The Question Compiler, a program to allow you to create your own questions on topics of your choice.

CAN YOU BECOME 'THE WISEST AND MOST POWERFUL GOD OF ALL'?
