WHO IS BEHIND THE WORLD'S WORST HOSTAGE CRISIS?

Controlling the central computer of the CIA's CounterTerrorist branch, you must sift through the massive data banks to identify suspects. Make the right decisions and the labyrinth of espionage, secrecy and deception eventually leads to the Middle East. But, here you will discover that behind the kidnapping lies an even more sinister plot – a plot which could throw the world into almost unimaginable chaos.

- ☐ Full and realistic investigation into the abduction of leading political figures
- ☐ Simulated CIA computer gives access to classified data
- ☐ Audio cassette contains kidnappers' demands and challenging clues
- ☐ Successive goals maintain player enthusiasm
- ☐ Game progress can be saved for continued play
- ☐ A second, more sinister plot to uncover
