QUO VADIS

by Steven Chapman from The Edge

Joystick required

QuoVadis is an arcade/adventure for the Commodore 64 which boasts an unbelievable playing area of more than 1000 screens.

"A new era dawns in arcade adventure"

"The largest arcade adventure ever seen on a micro"

"We were stunned by the enormous challenge offered by the game"

"The appeal of QuoVadis is the incredible challenge it offers"

Personal Computer Games, September 1984

Your Quest

This fabulous Sceptre can be yours if you are first to solve the master riddle of QuoVadis. (Full details of Competition inside)
