VALUEWARE™

Star Battle™

A realistic, deep-space adventure to save Earth.

Description: Your mission takes place in a realistic three-dimensional galaxy. As the captain of the starship Columbia, you must save Earth from the infamous Scyons.

Although you're armed with state-of-the-art technology and the most sophisticated on-board computer in the Star Fleet, enemy fire from the Scyon battle cruisers will reduce your capabilities. You can return to a starbase for repairs, but the Scyons may attack and cripple your starbase.

Can you stop the enemy ships? Or will the Scyons plunder Earth and reduce you to ion dust?

Ages: 12-Adult

Number of Skill Levels: 10

Joystick: Required

Rags to Riches™

Use your wits to bring yourself up from the poorhouse to the good life.

Description: You wake up one morning with sleep in your eyes, and a cop slaps you on the foot with a billy club. You just spent the night on a park bench. You start out with a few dollars in your pocket. If you make the right decisions, you can alter your pitiful fate and enjoy the good life.

As you wander the perilous streets of the city, you must decide how you will succeed: Beg or borrow? Get an education? Pursue a career? Make investments? Only the cleverest and most determined player can succeed.

Robbers of the Lost Tomb™

A perilous adventure in search of the sacred tablets.

Description: As a special archaeological consultant to the CIA, your mission is to recover four sacred tablets from a lost 100-room tomb in Egypt. You have located the tomb, but new perils await you inside. You will be confronted by snakes, ghosts, bottomless pits, and mummies, with only determination and cleverness to make your mission a success.
