RALLY SPEEDWAY

A Two Player Raceway Construction Set

Hear the roar of your engines. Thunder around the challenging track. The only raceway game with unique two player action! Construct your own custom tracks. We provide the thrills and you provide the skills.

Grabbing the lead at the start is important. Keeping it is a real challenge. One or two player action lets you race against a friend or your best time!

Many a race is lost in the turns so be very careful here. Lap and time indicators keep you informed of your status. For added challenge try racing on dry, wet, or icy roads. Choose maximum racing speeds from 40, 60, 80 or 100 MPH.

You're out of control and end up in a fiery crash. Luckily, you leap from the burning wreckage to safety. Spin-outs and crashes cost valuable time. Call on all of your skill to avoid them.

When you master the standard track try making your own. Special Trax-Construct feature lets you design custom tracks. Save them on disk! Enjoy endless racing challenge as your skill increases.
