

NOT MILITARY. NOT MERCENARY.
AND YOU'RE DEFINITELY NO TOURIST...

RAMBO III

COMMODORE 64/128

Requires: Joystick

C128 in C64 mode

TAITO™

Soviet Commander: "Who are you?"

Rambo: "I'm your worst nightmare."

Remember that line?

Now YOU can deliver
it to the enemy—in

person. Thirty miles over

the Afghanistan border, Soviet
forces are torturing your friend
and mentor, Colonel

Trautman. You're the
only man alive with

enough guts, brawn, and
resourcefulness to single-

handedly rescue the man who
taught you how to fight. Every

Soviet commando, tank, and
attack chopper in the sector is on

your tail. It's the ultimate con-
test for the ultimate fighter.

Actual game screens from Amiga. Other screens may vary.

It takes more than muscle to de-activate
electronic gates, cross treacherous mine fields,
and find the keys to Trautman's cell.

Ever fly one of these things? With the enemy
breathing down your back, that Hind chopper's
the best way out of this hell hole.

It's just you and your hijacked tank against
anti-tank missiles and choppers. Sight in and
rearrange that balance of power!
