Red Storm Rising

Another simulation by Sid Meier, author of F-15 Strike Eagle and Silent Service. Created in collaboration with Tom Clancy and Larry Bond.

With the Soviets preparing to take over the Middle Eastern oil fields, a full scale collision of the two super powers becomes inevitable. You play a crucial part in the war at sea, standing between the Russian bear and global domination.

The ultimate challenge is the campaign game. Here you experience the entire course of World War III as portrayed in Tom Clancy's dramatic and best selling novel of modern warfare. What will the outcome be with you in control?

- Highly realistic simulation of nuclear submarines
- Intelligent, computer guided weaponry
- Astounding variety of undersea environments
- 4 time periods
- Range of challenge levels
- Insight into a world in crisis
- Hundreds of hours of constructive entertainment
