THE GAME

You are a fighter pilot with an important but deadly mission: You must destroy a number of vital enemy bridge links that are well defended by helicopter gun-ships, deadly land tanks, ships and observation balloons. You must fly down the river valley and destroy the bridges at every opportunity.

PLAYING THE GAME

JOYSTICK CONTROLS

Left=Left Right=Right Up=Faster Down=Slower
Fire=Fire

Attach the joystick to port 1 of your Commodore. Press f3 to select Game Type. There are a variety of levels with either 1 player and high score format or a two player game. For 2 players, a second joystick must be attached to port 2 (or switch ports each turn). A bonus jet is awarded for every 10,000 points scored.

Manoeuvre your way down the meandering river valley, avoiding the cliffs on either side and destroying the enemy ships, balloons, helicopters and tanks as you go. Keep an eye on your fuel gauge and collect more fuel by passing over the FUEL dumps. These are the only items in the game that you are permitted to come in contact with. You can score points by destroying enemy craft and fuel dumps, and extra points are awarded if a bridge is destroyed whilst a tank is crossing it. Chocks away and good luck!
