ROBOCOP™

The Future of Law Enforcement

A sadistic crime wave is sweeping through old Detroit. The situation is explosive – in fact, it is so bad a private corporation, O.C.P. has assumed control of the police force. Then, a research team creates an unstoppable, indestructible law enforcement cyborg – named ROBOCOP.

As ROBOCOP you are programmed to 1) Serve the public trust, 2) Uphold the law, and 3) Protect the innocent as you blast your way through city streets. Using a wild assortment of weapons, including ROBOCOP'S Special Issue Auto-9, you must stop every sleazeball criminal you encounter with deadly, piercing accuracy. But, beware, there are forces on the street – and within O.C.P. – that will stop at nothing to see ROBOCOP eliminated. Make your way past street thugs, the notorious Clarence Boddiker and the powerful Ed-209 to your final battle with Dick Jones.

Prepare yourself for non-stop action in one of the most explosive games you will ever play.

It's going to take more than a cop to clean up the scum of Old Detroit – it's going to take ROBOCOP. "Your move, creep."
