

ELIJAH BALEY
INTERPLANETARY DETECTIVE
CLASSIFICATION C-7

Dear Jesse and Ben,

I'm off to Aurora in search of Dr. Fastolfe's murderer. I am sorry I didn't get a chance to hug you goodbye. But, you know how these matters are - one never knows from day to day what tomorrow will bring.

I will do my best to solve the case and bring honor to our name, but I expect this to be a strange and extremely difficult adventure.

I will miss you terribly. Watch for news about me on the hyperwave screen. I hope that I will return to you safely and soon.

In haste, your husband and father.

Life

P.S. One positive note - I'll be seeing my old friend R. Daniel, so at least I will be familiar with someone on Aurora.
