Turbotape™ for Commodore 64 - Loads 7 times faster than Standard Cassette

Rootin' Tootin', adapted from the smash hit Japanese arcade game, will challenge your reflexes and delight your senses. Your tuba is trapped inside a musical scale full of notes. You must conduct the tuba through the maze while being chased by unusual instruments — clanging cymbombs, wacky guitacos, maniacal madphones, and killer pianhas.

Earn points by blasting sound waves at the notes and encroaching instruments. Clear away all the notes to move on to the next higher level. Just when your pursuers think they have you trapped, you bring out your secret weapon — a cloaking device to make yourself invisible so you can pass through them. Once in the clear, turn and blow them some music that will sizzle them.
