LIFE FORCETM

Calling all Viper Pilots — the galaxy's on the edge of doom again!

You've saved the innocent people of Gradius from the vile Bacterions. But now an even deadlier plague has slimed into the neighborhood.

It's Zelos, an all-engulfing, planet-eating alien who's hungering to take a bite out of you!

You'll be gunning for max power-ups, with ripple lasers, plutonic missiles and impregnable force fields.

But you better be on target. For this isn't your ordinary space scum. And to crush him you've gotta soar through his guts, blast past his death traps and ultimately blow out his heart.

Good luck Commander. The Galaxy's counting on you!
