SATAN'S HOLLOW

The devil holds back nothing as he sends all of his evil servants after you. Battle pterodactyls and demons. Try to build a bridge across the moat of lava to enter Satan's Hollow. Ten different attack patterns increase the righteous challenge.

Brave the firebombs and balls of lava hurled by the devil's henchmen. Face Beelzebub's cascade of fire. Beelzebub is elusive and dangerous as he hovers menacingly, breathing fire!

Cross the bridge and your opponent is Satan himself. You now must dodge deadly pitchforks and spiralling fireballs to survive. Great arcade excitement, outstanding graphics and sound make this a winner!

One or two player action makes it fun to compete against each other. Beginner's level allows you to practice easy attack patterns before doing battle with the real tough ones.
