THE GAME

One of the evil Sea Lords has kidnapped some of the Kidz and is holding them in an undersea chamber! As the best swimmer, you have been asked to save them. Swim through eight reefs, unlocking the Sea Lord's doors and fighting the fish with your bubble gun. Be careful, as some routes you may take will leave you high and dry!

LOADING

COMMODORE 64 OWNERS

1. Connect the cassette unit to your Commodore according to the user manual.
2. Place the rewind cassette in the cassette unit and press PLAY.
3. Press RUN/STOP and SHIFT simultaneously on your Commodore.

COMMODORE 128 OWNERS

1. Switch OFF your Commodore 128 and switch it back on whilst holding down the COMMODORE key.
2. Now follow the instructions for Commodore 64 owners above.

Note: Full loading instructions can be found in your Commodore Manual.

PLAYING THE GAME

Controls:

Joystick in port 2, SPACE pauses.

Hints:

The items you can pick up are, AIR TANKS, BUBBLE GUN, DOUBLE BUBBLE, BUBBLE UP'N'DOWN, A CUNNING DISGUISE, KEYS, and FAST FLIPPERS.

You must have an air tank, you must also pick up all the keys, and don't waste any, for you will need all of them! Swimming to the surface (if you can) will replenish your air supply. Parts of the coral can and must be shot to get through them. If the timer runs out, all the doors will open, but you will lose all your keys. Avoid the mines, as you will lose lots of air if they explode. Kill fish, except for the angel fish (the one with the halo!), as touching this will up your air supply. Just before the end of the level, top up with air for your battle with the Nasty Shark - Shoot him several times to kill him, but don't let him bite you!
