The most fantastic space battle ever! Get ready.

Incredible creatures. Sensational scenery. Super-intense action.

It's all part of the home computer version of one of the most popular games ever to hit the arcades.

Blast invading aliens off the face of an endangered planet. And zoom through stage after stage of treacherous terrain. Until peace is restored to the Land of Dragons.

You better hold tight to your laser blaster. Because this game is 100% action. And there's no turning back.

Part human, part rock, and all evil. These guys are tough to beat.

Look out! This thing's so dangerous it splits in three.

It'll take over a dozen blasts to slay slithering serpents like these.

Sure, these guys *look* small. But they attack you in a big way.
