During the latter part of the Twentieth Century the FIS Eagle established itself as the most versatile aircraft in both air support and bombing roles throughout the world.

Over the next eighty years the FIS Eagle (nicknamed STEEL EAGLE) was developed and refined. It was fitted with new and increasingly more powerful weapon systems, advancements in engine design meant that the EAGLE was no longer confined to normal atmospheric operating conditions.

Now, in the second half of the 21st Century, Earth is being threatened by evil an alien invasion force, whose sole objective is to enslave the whole of mankind. You are a pilot in the elite Eagle Strike Force. It is your mission to destroy this invasion force and SAVE THE WORLD.

PLAYING INSTRUCTIONS

You must guide your FIS Eagle deep into the heart of enemy territory and destroy their invasion force, before it is able to launch a vicious attack against the Earth. Shoot as many of the alien craft as you can

and collect the bubble tokens to gain more firepower. As well as your standard weapons, you also have plasma charge lasers. These are very powerful, but are limited in number and take time to recharge, so be careful to use these to maximum advantage.

At the end of each alien attack wave is the throbbing Mother Ship. It is imperative that you destroy this Mother Ship by shooting it's central eye continually. Once you have successfully completed this part of your mission you must continue to destroy the following attack wave.

CONTROLS

SPECTRUM

You may use either a Kempston or Sinclair joystick, or the re-definable keys. To fire your plasma charge laser, hold down the FIRE button.

AMSTRAD

Use either a joystick or the re-definable keys. To fire your plasma charge laser, hold down the FIRE button.

COMMODORE 64

Use a joystick in Port 2. To fire your plasma charge laser, hold down the FIRE button.
