

Street Sports™ BASKETBALL

JUMP BALL!

It's play-off time in a back alley off Oak Street. Vic and Bojo face-off on asphalt. They leap ... long arms stretch ... the higher hand smacks the ball to Magic ... then a furious fast break down the alley ... Vic gets caught in the hustle and does hard time on concrete ... defence slacks as Kevin slips on a slimy oil patch ... Brad spots an opening to the basket and slams it through. Check out those high fives!

BLITZ 'EM RIGHT OFF THE STREET!

Create a team to terrorise the neighbourhood. There are hot shooters and slow dribblers, team players and show offs. Guys that can pass on the run and find that big man inside. Or help Joey pop 'em from the corners. But don't let 'em dribble in oil slicks. Or trip in pot holes. To be Number One in this neighbourhood it takes as many mental leaps as jumps.

There've never been this many obstacles to proving you're the best. Then again, *Street Sports™ Basketball* isn't like any basketball you've ever played on a computer.

But it's just like any basketball you've played for real.

- Play against a friend, or the computer.
- Choose your own teams, recruiting from 10 neighbourhood players.
- Four different courts: the schoolyard, the alley the suburban backyard, and the inner-city parking lot.
- Slam dunk. Steal the ball. Make a jump shot, or a hook. And pass on the run to an open team-mate for an easy score.

▲ A hot shooter guns down the defence.

▲ Passing on the run to a sure shot under the hoop is team play at its best.

▲ Another high-flying jam.
