Action/Arcade — All ages

Screen shots taken from the Commodore 64™/128™ version.

Look. Up on the screen! It's a lemon! It's a U.F.O.! No, it's Super Pac-Man! Fighting his way through maze after maze, Super Pac-Man is in search of truth, justice and a snack. Disguised as a mild-mannered Pac-Man, Super Pac-Man roams the maze searching for keys to unlock stores of goodies while evil goblins attempt to foil his plans. As he munches super energy pills, he's instantly transformed into a super-strong dot of steel, able to smash through goblins and save the day.

Faster than a speeding goblin, able to gobble gobs of goodies in a single swoop, it's Super Pac-Man—the most challenging Pac-Man game yet!

Features:

- All the great action from the arcade brought to your home computer.
- Lots of animation, sound effects and graphics.
- Super-challenging mazes. Super-fiendish enemies.
- Non-stop, high-scoring fun for one or two players.
