AMERICAN ICE HOCKEY

Designed by Ed Ringler

American Ice Hockey is a complete computer hockey simulation. It's actually three games in one, a software hat trick! Play, coach and manage. As a player, take the ice as centre or goalie. Fire slap shots, hip check opponents, make slick passes, block shots. As coach, set up and rotate your players' lines. As general manager, buy and sell players. Build a weak team onto a contender for The Sporting Cup. Can YOU ice your opponents?
