GAMESTAR 

Pain is the Name of the Game.

Created by
Alien Technology Group.

Don't mess with the bad boys of the Gamestar Wrestling Federation unless you're ready to crack some skulls. Because the GWF's brutal masters of destruction won't hesitate to plant your head in the canvas. So come on, climb in the ring—we've got an ambulance ready.

- Fantastic one or two player tag team action.
- Easy, complete control of all moves.
- Hottest graphics ever seen put you right in the ring.

Eight monsters of
mash—each with
his own set of moves—
battle for GWF Tag
Team Supremacy. You
set the teams, pick
your partner, then
pound and pulverize.

Easy joystick action
lets you do cool
moves and inflict
more pain than you
ever thought
possible.

Pile Drivers, body
slams, airplane
spins, atomic drops,
suplexes, or just go
off the top rope for
the big splash.
