Long ago, High King Valwyn drove back the barbarian hordes invading Albareth, ending a tragic war. Drained of spirit, the High King departed to the homelands of the Elden folk to renew his strength. Legends promised his return after twenty years.

But twenty years have come and gone, and Valwyn has not returned.

Now the mystic powers of old are fading, and chaos rules the land. Desperate brigands roam the once-peaceful roads, while the fearful citizens of Albareth live in a world without law. Dauntless adventurers are being recruited to carry out unlikely missions in strange, distant places.

Welcome to the Kingdom of Albareth! Experience a game with relentless action and unprecedented levels of graphic detail. Stroll along the seashore, lulled by the rolling tide or explore long-forgotten desert ruins, challenging death with sword in hand, for these are the Times of Lore!

Times of Lore combines real-time gameplay with an epic story of adventure and intrigue, bringing unique challenges never before encountered in a fantasy role-playing game!
