SCREEN SHOTS FROM SPECTRUM VERSION

*Betrayed by his people, **TRANTOR** is abandoned alone on an Alien planet. His only chance of escape is to activate the planet's main computer that lies within the terminal building. Spectacular sound and graphics transport you light years to the future. Armed only with a flame thrower, fight your way to freedom as **TRANTOR** **THE LAST STORMTROOPER.***

EXCLUSIVE TO

To celebrate the launch of **GO!** the rock band **RESISTER** have been commissioned to produce five tracks for the new **GO!** range of computer games. For the first time on side 2 of the game you will be able to hear some great rock music on your Hi Fi. On this title is included "The Fight". Forthcoming games will feature other different tracks from the band. **GO!** brings you a brilliant combination of super games and great sounds in a range of software that's already making history. If you think **RESISTER** irresistible then please write and let us know.
