TROLLS AND TRIBULATIONS

They're lurking underneath your city - an entire underworld full of troll-eating cretins, flying buzzards and sinister skulls. Hidden away in this forbidden maze of dark caverns, rising waters and secret dungeons are glorious treasures, thousands of years old. Disguised as a troll, you enter the underworld in order to save the treasures from criminal greed.

A wrong turn may spell disaster!

Your job won't be easy. The underworld doesn't intend to play fair. They'll eat you, knock you into the rising waters or corner

you in a dark dungeon.

You must put an end to the evil cretins before you can move on to collect all the treasures and earn points. Watch out! The buzzards and skulls look hungry. A wrong turn may lead to disaster.

Trolls and Tribulations has 7 levels. Over 200 dark and eerie chambers to explore. It's joystick controlled, so act quickly. Hey, look behind you!
