"This is easily one of the best shoot 'em ups to date and could sit quite happily in any arcade".

Zero "An essential purchase. A gigantic game."

C & VG "With its arcade quality scroll, amazing colour fades and jam-hot playability, Turrican 2 is something of an awesome game!"

ZZap "Possibly the game for 1991 (and it's only January!)"

"A truly remarkable programming achievement and a great game to play -its like having an original coin-op in your bedroom!"

"It's unparalleled technically, but married to artistic genius."

Commodore Format "The technical and visual excellence of the game, not to mention the superb playability throughout this vast title, can't be praised too highly."
