GAMEWARE™

Corom

The Great Knight, *Corom*, has been called by Olberand to the land of Peloria to save Princess Diana from the clutches of Targoth, the most evil sorcerer in the land. If you succeed, the Princess has the powers which, when freed, could rid the land of Targoth forever. But you must be wary. Targoth's monsters have the frightening capacity of two strengths: one with which they strike, and one to defend themselves. And, as if Targoth's monsters weren't enough, you must battle or evade Moorugs, Groggs, Skeletons, Lava Monsters, Ghosts, Bats, Witches, Slime Monsters and Spiders. Armed only with your strength, leather armor and 1,000 gold units, you must cleverly barter to acquire the weapons and spells you need to succeed in your mission.

Twin Kingdom Valley

Search for the treasure as you acquire everything of value in the 175 graphic screens available to you. Clues are provided to help you find treasure, animated figures keep the adventure lively. Your world will be beset with traps, puzzles and mazes as you encounter creatures trying to stop you. Don't be discouraged! A fortune awaits you.

Get acquainted with the whole line of **GAMEWARE™** software soon. It's all affordable, high quality, copyrighted software, complete with documentation. In short, it's something you just can't afford to pass up.
