WARNING: This is MORE than an Arcade style endeavor.

Enter the world of computer adventure. Each Sierra On-Line adventure takes several weeks to master, providing hours of fascination and intrigue. You must use imagination and logic to unlock the mysteries of each adventure.

Map skills are a must since our adventure games contain over a hundred full-color computer-generated images which lead you in every direction. So, muster up all your wit, logic and perseverance for this is a Sierra On-Line adventure and a challenge to your ingenuity.

Journey into the land of mythology in search of the "Golden Fleece" -- an ancient treasure that has long been protected by the Greek gods. Become the legendary Ulysses and direct your voyage through challenging waters, changing weather conditions, luring Sirens and treacherous Cyclops. Pluto, God of the Underworld, and many others plan to test your courage. Finding Pegasus, the magnificent winged horse, will aid in your recovery of the "Golden Fleece." Clad only in your pocketed toga and chain armour, can you revive the legend?

"Ulysses and the Golden Fleece boasts some of the best representational, high-resolution graphics available, as well as sustained interest, a travelogue, and an intellectual challenge."
