Hit SHIFT/RUN STOP then press PLAY.

THIS IS YOUR BRIEF

You have been selected for a mission of vital importance to the war effort. You must go behind enemy lines and rescue your captured comrades from the firing squads. Armed only with an AR15 assault rifle and 5 grenades you face the onslaught of the enemy hordes. Many townships have fallen, their civic centres turned into impenetrable strongholds.

Where will the enemy attack next?

It could be from the roof tops of ruined buildings or from foxholes dug in your path!

It could be from behind boulders, or a stinging attack from the air, only your special forces training will help you.

ADDITIONAL DATA

We have discovered that a total of 8 townships have now fallen. This is worse than we expected so be ready for immediate departure.

We have also learned that the enemy are geared up for, and expecting, a full frontal large scale attack. By our calculations, a single man has more chance of succeeding than a large strike force. Our C-130 supply aircraft will regularly drop you ammunition supplies.

CBM64/128

199 RANGE

Your rifle ammo is unlimited but your grenade supply isn't. Use them wisely.

Trees, boulders, buildings and some other objects afford protection from small arms fire for yourself and the enemy.

Remember our motto "WHO DARES WINS".

That is all. Dismissed.

PROGRAMMERS—If you have written a good programme for ANY home computer, send it to us now for evaluation. We pay EXCELLENT royalties!! Your programme could be in the shops within 3 weeks!! SEND TO: ALTERNATIVE SOFTWARE Units 3-6 Baileygate Industrial Estate, Pontefract, West Yorkshire. We will acknowledge receipt of your programme same day.

WHO DARES WINS II—(CHI OSA, VINCE)

ISTRUZIONI DI CARICAMENTO

Premere SHIFT/RUN STOP e poi ancora PLAY.

QUESTO È IL TUO COMPITO

Sei stato scelto per una missione di vitale importanza per lo sforzo bellico. Dovrai andare dietro le linee nemiche per salvare dal plotone d'esecuzione i tuoi compagni prigionieri. Armato solo con un fucile d'assalto ARI5 e 5 bombe a mano, dovrai affrontare l'attacco delle orde nemiche. Molti paesi sono già caduti e i loro municipi trasformati in fortezze inespugnabili.

Dove avverrà il prossimo attacco nemico?

Potrebbe venire dai tetti delle macerie, oppure dalle buche scavate lungo il percorso!

Potrebbe venire da dietro i massi, oppure da un'incursione aerea a volo radente; solo il tuo addestramento nelle forze speciali ti può essere di aiuto.

DATI SUPPLEMENTARI

Ci risulta che adesso i paesi caduti nelle mani del nemico sono 8. La situazione è peggiore di quanto sospettassimo, per cui tieniti pronto a partire immediatamente.

Abbiamo anche saputo che il nemico si aspetta e si è preparato ad un attacco frontale su larga scala. Secondo i nostri calcoli, però, un singolo uomo ha molte più probabilità di successo di una grossa forza di attacco. Il nostro aereo da rifornimento C-130 effettuerà lanci regolari di munizioni. Sebbene le munizioni per il fucile siano illimitate, le bombe a mano non lo sono, per cui usale con attenzione.

Gli alberi, i massi, gli edifici ed altri oggetti possono costituire un riparo dalle pallottole sia per te che per il nemico.

Adesso, ricorda il nostro motto 'CHI OSA, VINCE'
È tutto.
Puoi andare.

Tasti

Joystick in porta 2.

Wer wagt, gewinnt II

Ladeanweisungen:

SHIFT und RUN STOP gleichzeitig drücken, dann PLAY.

Ihre Aufgabe:

Bei der Rolle, für die Sie ausgewählt worden sind, geht es um Leben und Tod: Sie müssen hinter die feindliche Front gelangen und Ihre gefangenen Kameraden vor dem Exekutionskommando retten. Nur mit einem AR15 Gewehr und 5 Granaten bewaffnet stehen Sie den feindlichen Horden gegenüber. Viele Städte sind gefallen und ihre Rathäuser in uneinnehmbare Festungen verwandelt worden.

Woher wird der nächste Angriff kommen?

Vielleicht von den Dächern der Ruinen oder aus Höhlen unter dem Weg! Vielleicht hinter den Felsen her? Oder ein heftiger Angriff aus der Luft? Nur Ihre Ausbildung im Sonderkommando kann Ihnen hier helfen.

Weitere Information:

Wir haben erfahren, daß 8 Städte gefallen sind—eine schlimmere Nachricht als wir erwartet hatten, also seinen Sie zum sofortigen Einsatz bereit.

Zudem haben wir erfahren, daß der Feind auf einen direkten Angriff von vorn vorbereitet ist. Nach unserer Kalkulation hat ein einzelner Mensch größere Erfolgchancen als eine große Kampftruppe. Unser Versorgungsflugzeug, ein C-130, wirft regelmäßig Munition für Sie ab. Die Munition für Ihr Gewehr ist unbegrenzt, nicht aber Ihre Versorgung mit Granaten, so daß Sie diese mit Umsicht anwenden müssen.

Bäume, Felsen, Gebäude und andere Gegenstände bieten Ihnen—und dem Feind—Schutz vor Schüssen aus Kleinwaffen.

Vergessen Sie nicht unser Motto: Wer wagt, gewinnt.

Das ist alles.

Abtreten!
