

**t + est = test**

**You did well  
on the test.**

**t + est = test**

**Was the test  
tough?**

**t + est = test**

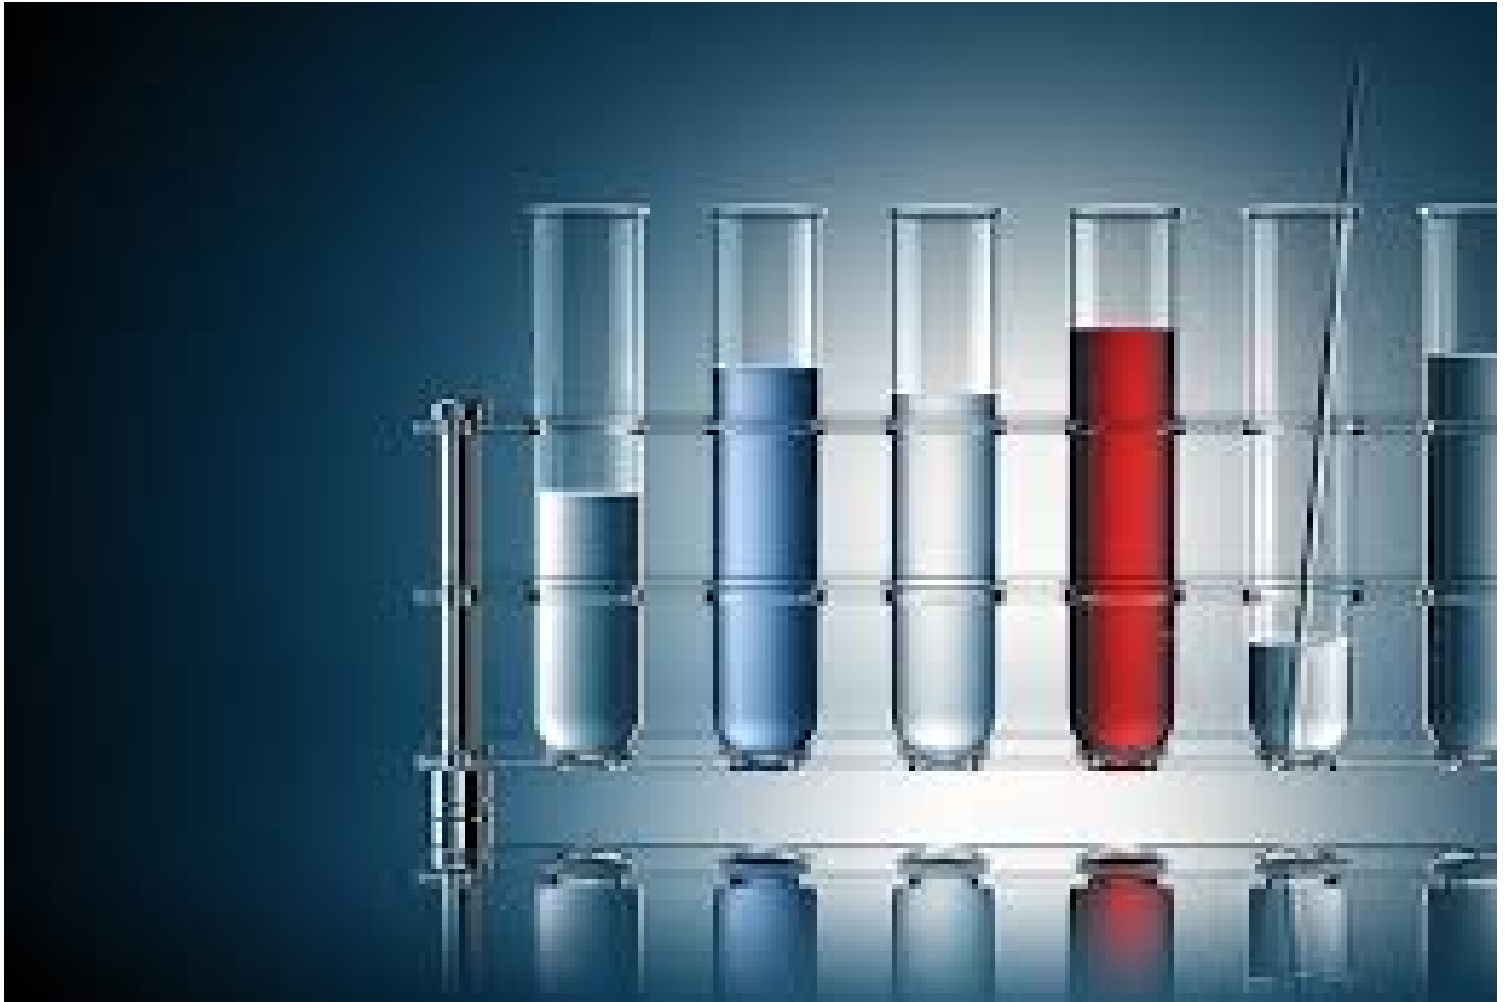

**Yes, the test  
was tough!**

**t + est = test**

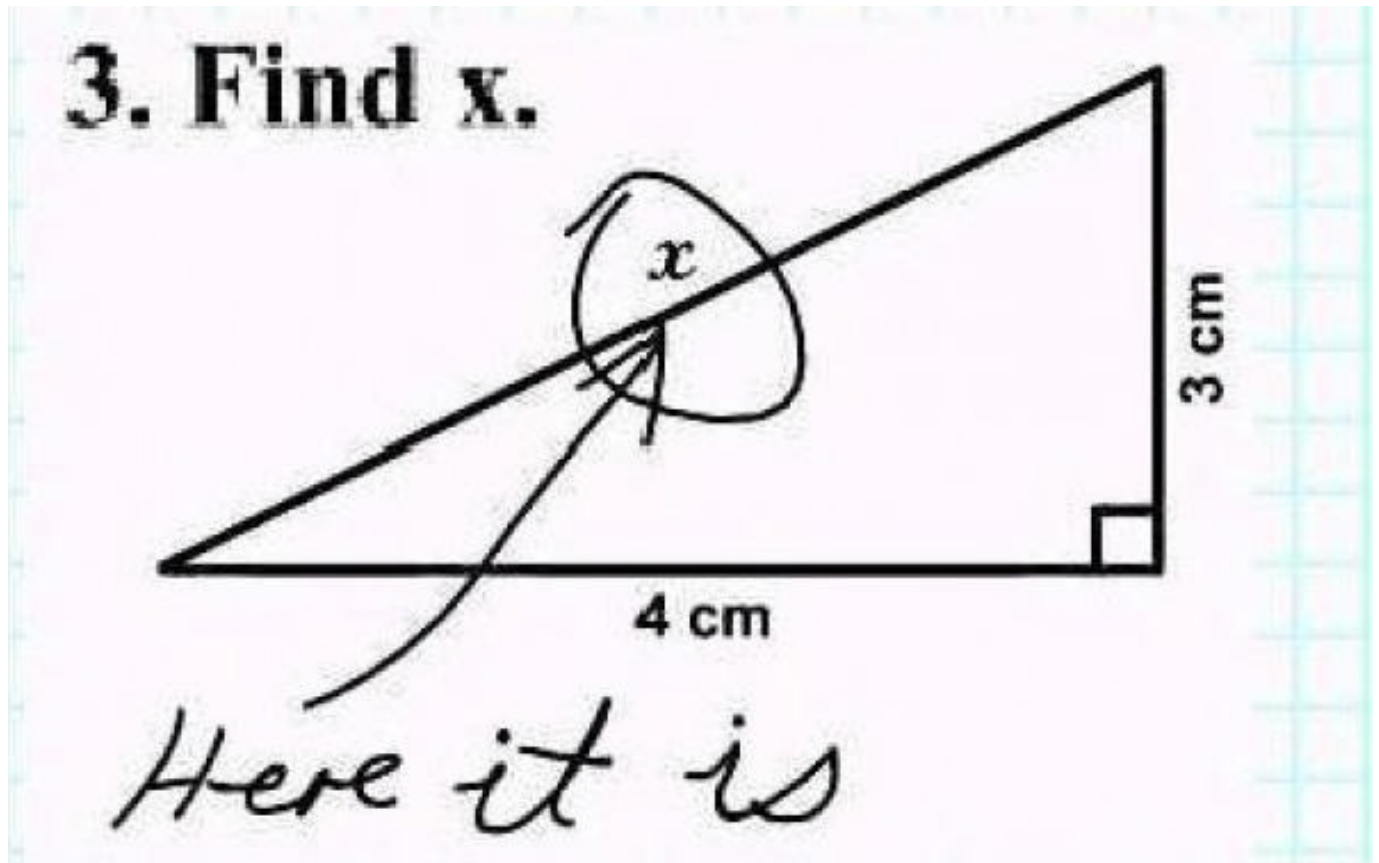

**Everyone took  
a blood test.**

**t + est = test**

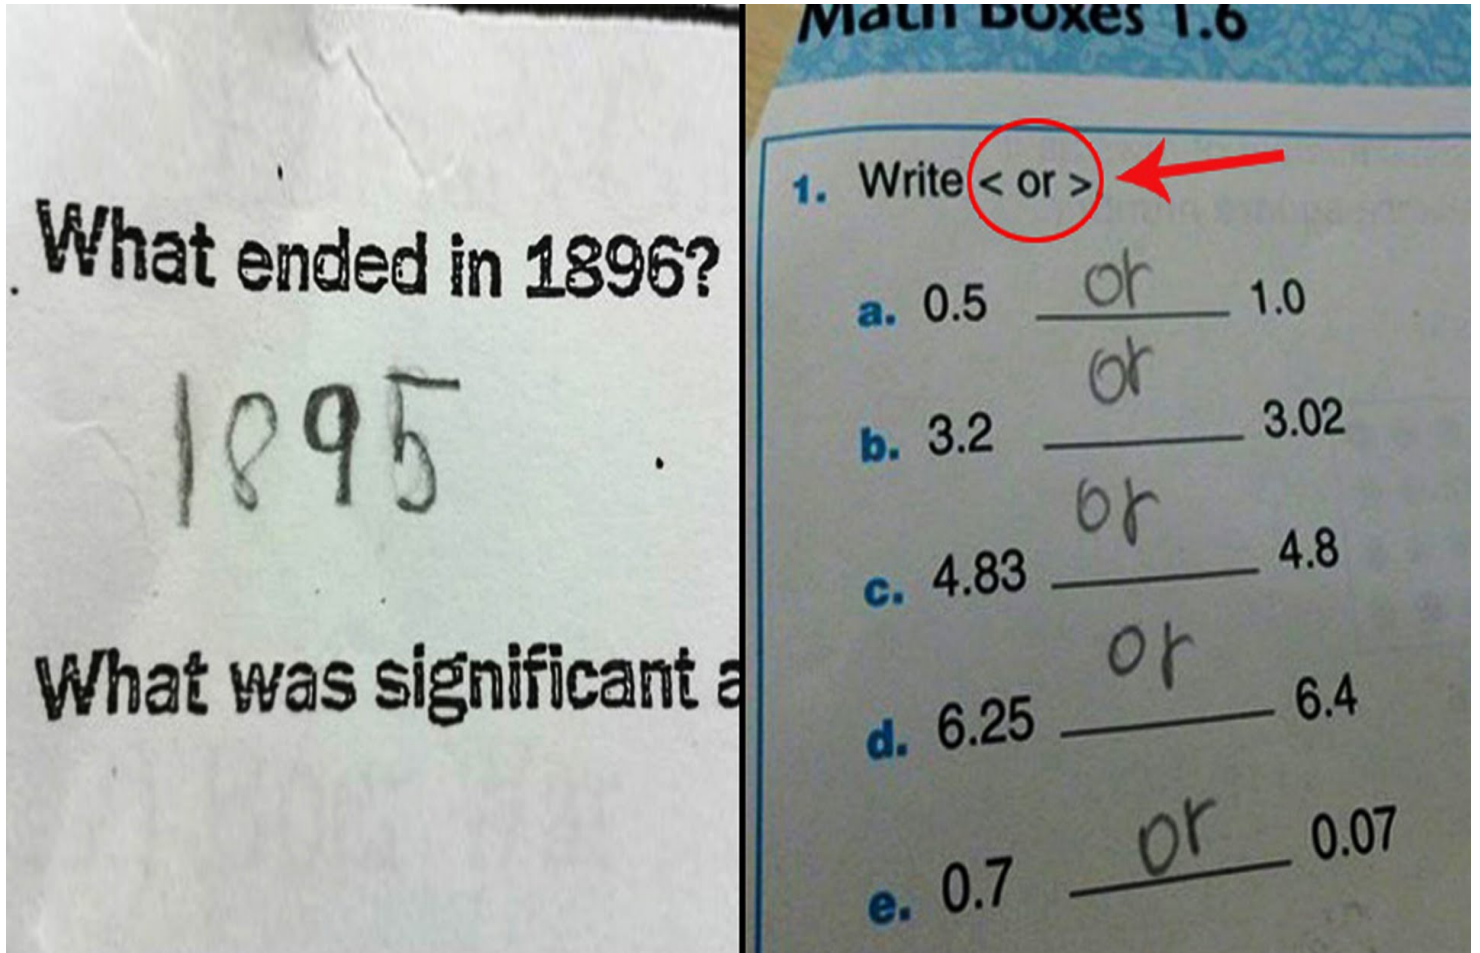

**These are  
test tubes.**

**t + est = test**

**Find an X  
on the test.**

**t + est = test**

**The test  
was easy.**

**t + est = test**

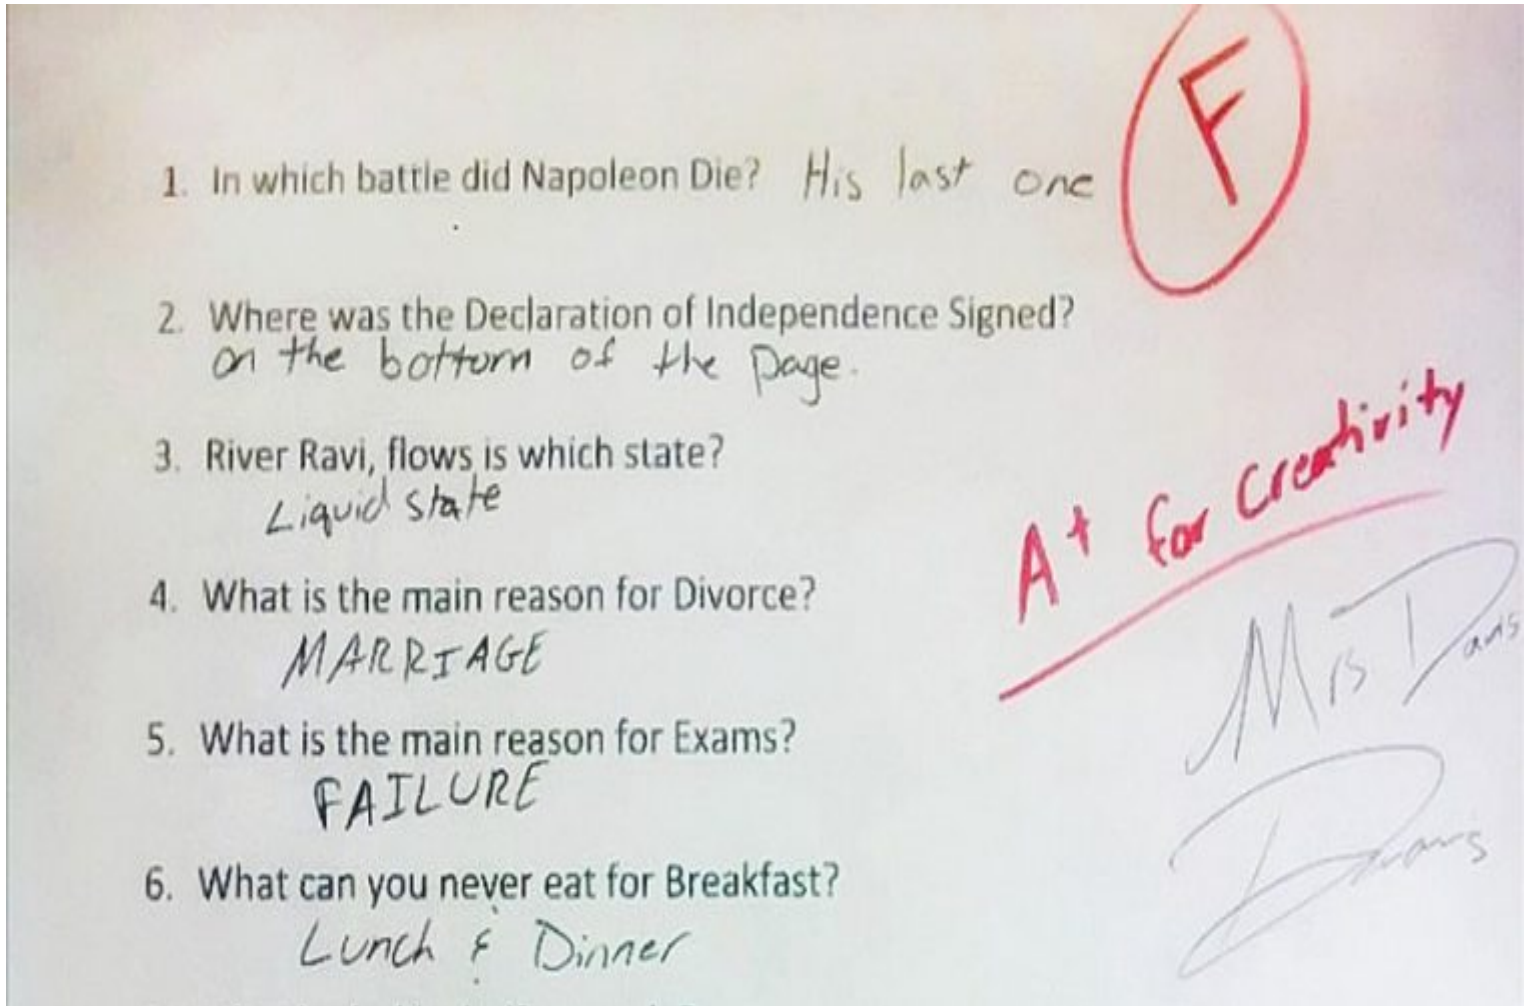

To change centimeters to meters  
you   ?  .

take out centi

**Did he get  
an A  
on the test?**

**t + est = test**

**Look closely  
at this test!**

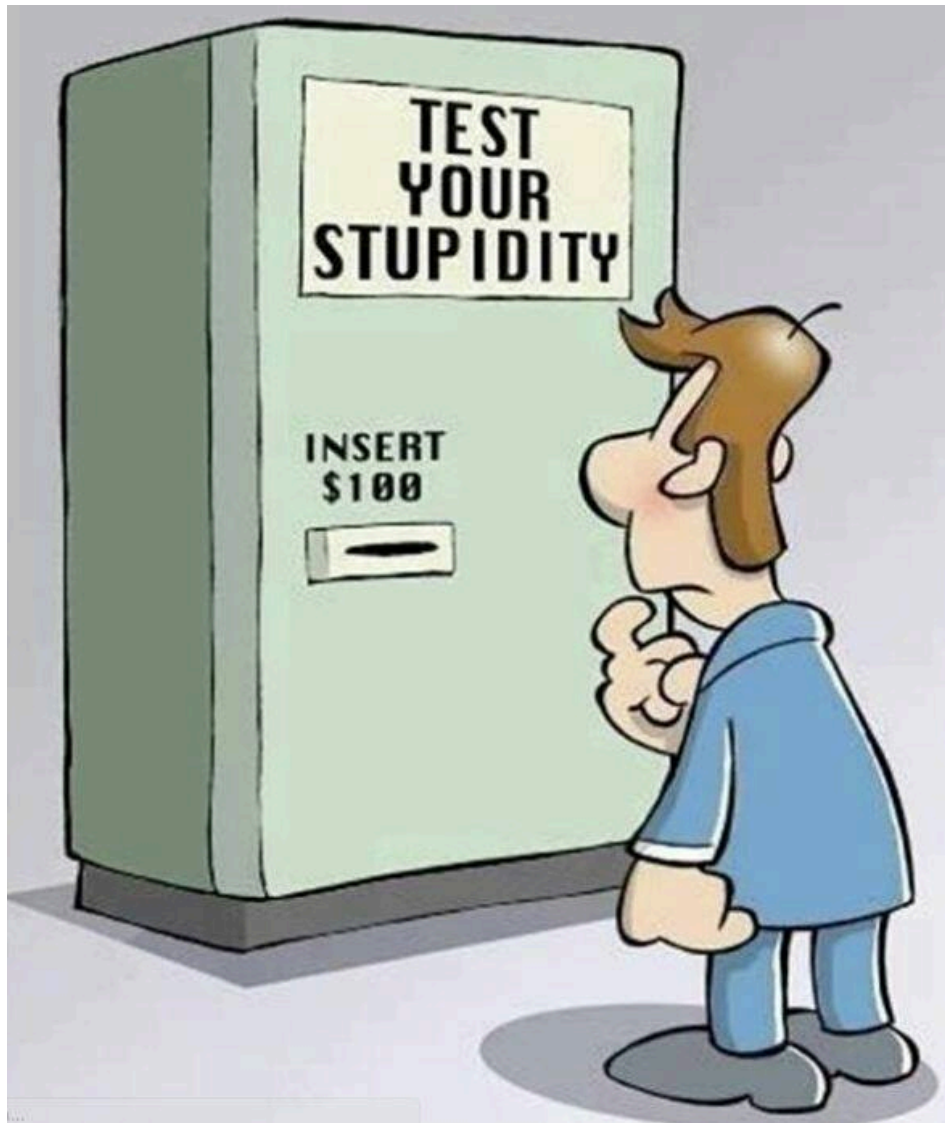

**t + est = test**

"Congratulations, Phillip. You've managed to score somehow lower than chance."

**He did poorly  
on the test.**

**t + est = test**

**This is a test  
he should  
not try!**
