

**W + est = west**

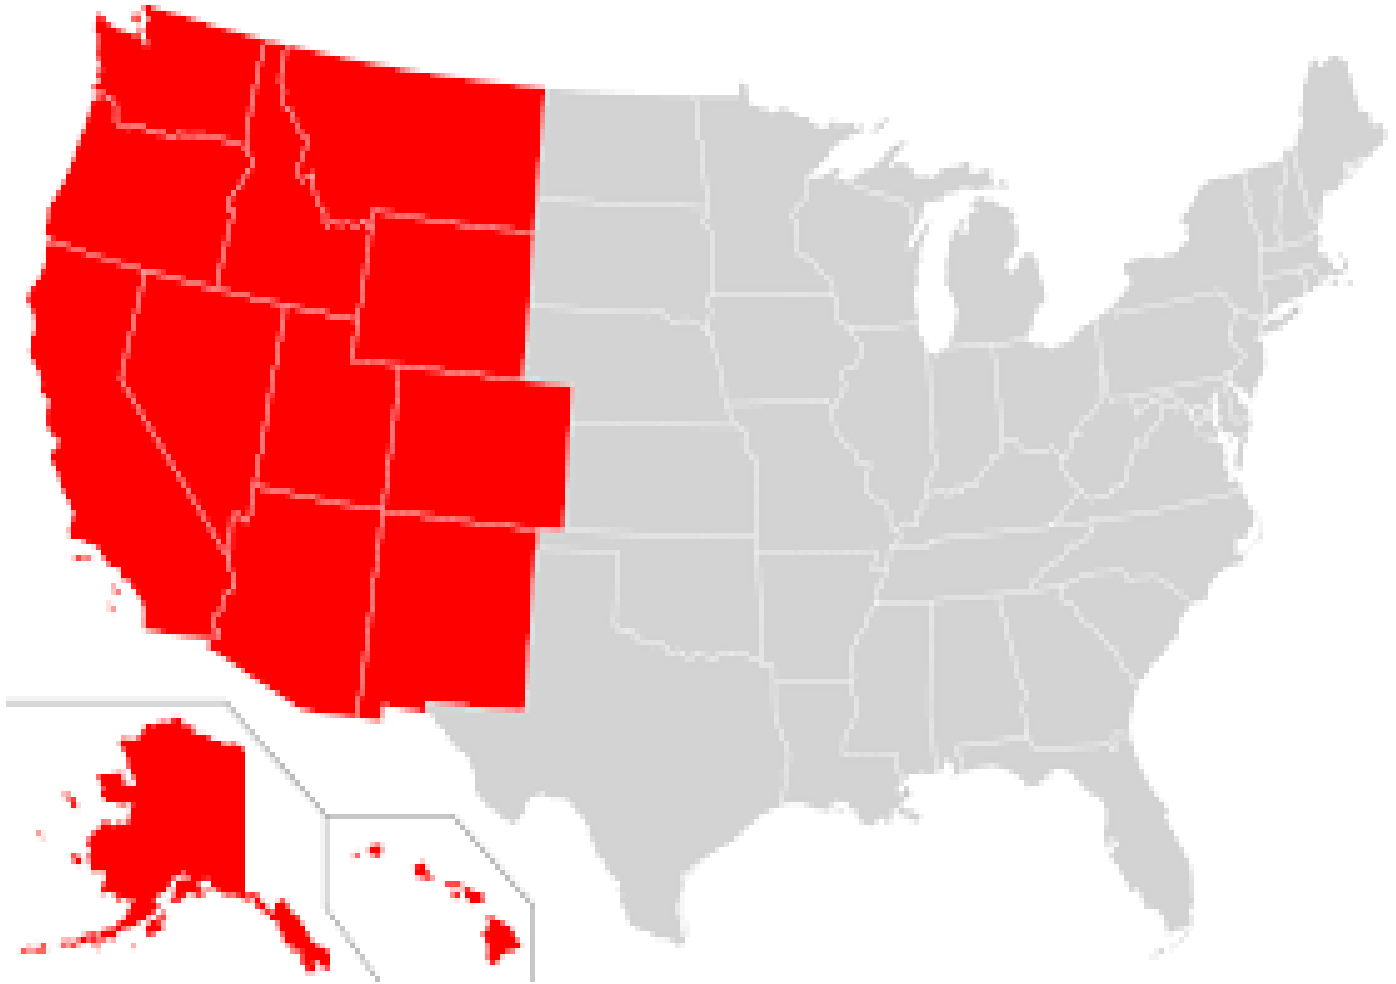

**The west is  
on the left.**

**W + est = west**

**On the left  
is the west.**

**W + est = west**

**Have ever you  
been out west?**

**W + est = west**

**The opposite  
of the east  
is the west.**

**W + est = west**

**This cowboy  
was born  
in the west.**

**w + est = west**

**The sun is  
setting  
in the west.**

**W + est = west**

**My friend lives  
in the west.**

**W + est = west**

**If you keep  
traveling west,  
then you will end  
in the east!**
