

My friend Verb #1 all his money.

He bought bottles of Noun/thing #1.

Over the span (*length of time*) of a week,  
he spent Adjective/number.

After Noun/place #2, he sped to the  
Noun/place #3. He bought every bottle of  
Noun/thing #1!

I put him on the spot.

“Why do you buy Noun/thing #1?”

He said, “Noun/thing #1 is so gross!

I buy it to Verb #2 it away.”

I agreed, so I split the cost.
