"Treasure Near the Tropics?"

My friend, Troy, sold me a treasure map. It led me to the tropics. Near the trunk of a palm tree, I dug for gold.

I opened a treasure chest and found a tricycle. I trusted Troy and he tricked me! I rode down a street through traffic looking to trade my three-wheeler when I almost got hit by a trolley.

A waitress serving an extremely delicious looking cake caught my eye. I think I will try a sweet treat. Now I found something better than gold!
