

#139 **ump** Advanced

"A Humpback Whale with Mumps?"

A silly child joked, "How can you tell if a humpback whale has the mumps?"

The school nurse replied,
"Maybe by the lump or bump on its neck. I do not know. I am stumped *(do not know)*."

The kid snickered,
"A humpback whale with the mumps will be grumpy because it can't play the trumpet."
