"Is the Telegram a Sham?"

I found a laminated telegram in my family's damp basement. I read it by a lamp.

The telegram was about my grandfather's stamina. He once swam while holding a clam that weighed 200 kilograms.

It is difficult to give an example, but the telegram did include a diagram.

Some say the story was a sham.

What do you think?

#3 am comprehension "Is the Telegram a Sham?"

1) What did the person read by a lamp?
