### "A Skunk with Snow Skis"

My friend, Scott, told me a story that made me scratch my head. He rambled on, "I like taking high risks. Last week, I was skydiving (*jumping out of an airplane with a parachute*) in Alaska and landed on top of a skunk wearing snow skis. It skillfully escorted me down a mountain."

Afterwards, the skunk asked, "Do you want a basket full of biscuits (*dry, baked food*) and warm gravy (*sauce for food*) in a skillet?" Of course Scott decided to skip the biscuits and went to a disco (*music or a club*).

*Are you skeptical of Scott's story?*
