

## #85 ie /ē/

**calorie-** a unit used in measuring the amount of energy food provides when eaten.

**brownie-** a chocolate dessert, sometimes with nuts.

**cookie-** a dessert that is usually round and flat.

**movie-** a film where people act.

**zombie-** (nonfiction) a dead person walking slowly and not speaking; similar to a train station in the morning.

**boogie-** music with a piano that encourages people to dance.

## /ī/

**pie-** dessert with a pastry crust.

**die-** end of life.

**tie-** looping material (string) around itself; therefore, it fastens the material or another object in place. Also, in sports when the final points are equal.

**untie-** to undo the above.

**lie-** an untrue statement. See #70 for more information.

**vie-** to compete.
