### **"The Bugs Should Be Horrified!"**

I checked the classified ads and applied for jobs. I was denied work as I am not certified.

I modified my plan. Rather than being preoccupied with my faults, I want to come across as dignified.

I simplified my words and specified why I was the best choice. I implied I'd be satisfied with any work. My new job is to spray pesticides.\*

# **The bugs should be horrified!**

*\*Pesticide- a chemical to protect crops from insects.*
