"The Senile Crocodile"

I saw the strangest thing while walking down an aisle at a fabric *(cloth)* store in Chile. I met a crocodile!

I asked it, "What are you doing here?"
I knew the response will be worthwhile.
The crocodile replied,
"I am in exile as reptiles near the Nile have a reputation *(beliefs about things)* as being vile."
I remarked, "You do not appear hostile."
The crocodile smiled and answered,
"That is not my style. I am senile and not very agile. I only want to sew textiles."

One day, I will look up its profile on Facebook.
