

# #99 one

**cone**- a crisp base that holds ice-cream.

**bone**- adults (human) have 206. Teeth are not bones because they lack collagen, new tissue replaces the old; therefore, a body can heal a broken bone and a tooth can not heal itself.

**tone**- the quality of sound made by an instrument or a voice. Also, a shade of color.

**stone**- a solid non-metallic mineral.

**zone**- an area with a particular purpose (tow-away zone).

**alone**- by yourself.

**prone**- face and body down to the ground.

**microphone**- a tool to amplify your voice.

**postpone**- delay a pre-planned event.

**drone**- a flying machine without a human.

**cyclone**- same as a hurricane, but its location is the South Pacific and Indian Ocean.

**collarbone**- connects the shoulder and neck.

**baritone**- the low singing voice of a man.

**saxophone**- a musical instrument (usually brass) that is part of the woodwind family; a reed is the material in the mouth of woodwinds.

**phone** (telephone)- a device for listening, speaking and annoying humanity as they stand next to you in line and talk nonsense.

*Words "gone, done, none and one" should be taught as sight words.*
