

# "I Will" (sight word # 044 will)

Jill has a shrill voice.

She yelled, "Get off the treadmill, or I **will** turn you into roadkill!"

Hmm, how **will** a treadmill kill me?

Jill said, "I **will** get my pet mandrill to fulfill my plan."

A mandrill **will** do anything it wants, such as run uphill or downhill and even stand still.

I **will** do a few things that may not thrill me:

- \* jump off a treadmill
- \* leap over a window sill
- \* hide in a landfill

Was this story horrible?
