

"Write It Down"

Sight Word #095 write

A girl said, "Do you want to **write**
a love song?"

A boy said, "No, I will **write**
a sight word poem."

*Sight word, sight word ...
I'll write, sing and talk.*

*Sight word, sight word...
the school is a place to walk.*

*Sight word, sight word...
follow the rules and run with him.*

*Sight word, sight word...
only if you are in the gym.*

This poem is *nothing to write*
home about (not that good).
