

# "Build What?"

Sight Word #149 build

A skilled man  
can **build** a big fan.

We will be *billed* (*pay money*)  
for the fan  
after he **builds** it  
and takes it out of his van.

Did the man  
*build* a big fan?

No! He said,  
"The next thing I **build**  
will be chilled."

What?
