

# "A Little Doll and..." Sight Word #166 doll

I want to make a **little** doll  
that bleeds.

A **little** doll that  
can be filled with  
something that looks like blood.

The *little* doll that  
can be put on tables  
during lunchtime.

You can squeeze the *little* doll  
and ketchup  
will come out of it.

The **little** doll will be perfect  
with french fries.

The **little** doll is a ketchup bottle!
