

"Call the Police" Sight Word #172 police

Hurry! Call the **police**.

Who stole my forty-four dolls?

The **police** must catch the thieves!

The *police* came over
and asked me about
the missing dolls,
which were made out of pure gold.

My brother walked into the room.

He told the *police* that the dolls
were made out of pure mold.

My brother sprayed the moldy dolls
with bleach.
