

# "A Unique Ladder" Sight Word #239 ladder

I made the world's smallest *ladder*!

You must see use a microscope  
to see the **ladder**.

What good is a **ladder**  
if I can not use it to  
change a light bulb?

The *ladder* is good for an ant  
to climb a wall.

I have a plaque to prove that I  
have the world's smallest *ladder*.
