

"Was I Deceived?"

Sight Word #245 deceive

Have you ever been **deceived**?

I received an email saying that a rich relative in Nigeria, who is now in a morgue, left me one million pounds.

Hmm, do I believe I have an English relative in Nigeria?

He would never *deceive* me with one million British pounds.

I sent the Nigerian man money for the paperwork.

Two weeks later...nothing, was I **deceived**?

The Nigerian man asked for more money, processing fees.

Two weeks later...nothing, was I *deceived*?

The Nigerian man asked for more money, lawyer fees.

Two weeks later...nothing, was I *deceived*?

The Nigerian man asked me for 100,000 British pounds for postage.

Was I **deceived**? No, two weeks later, I received 1,000,000 pounds of weights.

I was not *deceived*! The dead rich relative owned a gym.

By the way, Nigeria has over 200 million people and only a few try to **deceive** others.
