

# "I Appreciate You" Sight Word #282 appreciate

Guess what I would *appreciate* right now?

If you said sight word #281 appetizer,  
then you are correct.

If you said anything else, you are wrong.

Though, I **appreciate** your awesome  
attitude!

By the way, the word immediate does not  
rhyme with **appreciate**...but *officiate*  
(*enforce rules at a sporting event*) does.

Hmm, I am going to *abbreviate* (*cut short*)  
this story.

I think you *appreciate* that!
