

"Attempt to Eat" Sight Word #285 attempt

I accepted the challenge.

Yesterday, I **attempted** to eat 100 appetizers.

The first 99 appetizers were easy, bite-sized sandwiches.

My abdomen grew and grew.

The last appetizer was tough, a smelly sock stuffed inside a shoe.

My abdomen kept getting bigger.

My friend said, "If you fail, I can assist you."

What will I *attempt* next?

What would you like to *attempt*?

...perhaps, something awesome!
