

# "Our Turn to Campaign" Sight Word #300 campaign

On a **campaign** trail, a man said,  
"Vote for me, and I will give everyone  
free caffeine in the morning."

He would *campaign* in the rain.

He would *campaign* on a train.

He would *campaign* on a plane.

He would **campaign** even when in pain.

After the **campaign**, he won the election.

The people who voted for him  
wanted their free morning caffeine (coffee).

The man could not afford it,  
so he slept until noon.

Now, the voters are protesting in their  
**campaign** against him.
