

"A Choir Needs to Hire Another"

Sight Word #306 choir

If you are part of a **choir**,
you should blend in.

What if a **choir** had a man with
tons (large amounts) of charisma?

His bizarre behavior would be awesome!

Would he be the only
member of the *choir*
with cauliflower on his head?

He thought that it made him sing higher.

The **choir** got tired of his actions
and fired him.

Does this story inspire you
to sing in a **choir**?
