Welcome friends....

Thank you so much for joining us for the 7th Annual Roast on the River. We are thrilled that you are a part of this amazing day and hope you enjoy every minute!

This is a picture of Daniel and our son Jonathan during a time of remission following Daniel's diagnosis of colon cancer when was just 28 years old. The five years of his fight were the most challenging time for our families. These years were full of hardship, both financial and emotional, but were also full of love and grace. The kindness and thoughtfulness of others left a mark on Daniel that would ultimately plant the seed for an organization that would help support families battling cancer with daily living needs.

Daniel had one regret. He spent his life living for himself and never realized that there were people around him who needed help. It was too late for him to give all that he so desperately wanted to give – cancer was winning. Daniel entered end of life care in August 2004. The next months became almost unbearable as we watched the effects of cancer take over. Daniel died on March 12, 2005.

Almost ten years later, Daniel's Grace was born to do what Daniel couldn't – help others survive and thrive. Because of the generosity of our donors, we lighten the financial burden of cancer and help families financially navigate the cancer journey. Our hope is that Daniel's Grace families make it to the other side and thrive. Please join us on our journey to provide the support needed to these families and thank you for supporting our mission.

Jodi
